## AQUATICS

### Swim Lessons

Swim Lessons Mon/Wed/Fri, Tues/Thurs, and Saturday. Swimming and water safety skills are crucial to being safe around pools, rivers and beaches, especially in Tampa Bay. The Tampa Y offers swim lessons for all ages – everyone from babies to seniors have learned how to be safe around the water and be comfortable in the pool. To ensure each swim lesson participant improves their skills each session, students will build foundational skills, and with each successful session achievement, encounter new challenges as they progress.

### Individual Swim Lessons

These unique lessons will be conducted similarly to our Private Lessons. Swimmers interested in these lessons are looking for one-on-one instruction and can attend pre-scheduled sessions with set dates and times listed by location.

### ARC First Aid, CPR, AED Course

The American Red Cross First Aid/CPR/AED program is designed to help participants recognize and respond appropriately to cardiac, breathing and first aid emergencies. The courses in this program teach participants the knowledge and skills needed to give immediate care to an injured or ill person when minutes matter, and to decide whether advanced medical care is needed.

### ARC Lifeguard Course

The American Red Cross Lifeguarding course will provide entry level lifeguard participants with the knowledge and skills to prevent, recognize and respond to aquatic emergencies and to provide professional-level care for breathing and cardiac emergencies, injuries, and sudden illnesses.
