Member Guide

TAMPA METROPOLITAN AREA YMCA

Dear new YMCA member,

Welcome to our family! You may not know the Y is one of the largest community service organizations in the United States. Whether it's nurturing the potential of every child and teen, promoting healthy living, or fostering a sense of social responsibility, we make strengthening the community our cause.

This means your membership will not just bring about meaningful change in your own life, but in your community, too.

At the Y, you're not just a member — you're part of a community. Our charitable mission is to help you and your family, achieve a balance of spirit, mind and body by encouraging good health, fostering connections with friends and strengthening your community.

I invite you to read through this Association Guide to make the most of your membership right from the start. You'll see as a top-rated 4-star charity, we offer so much more than a typical gym. For example, we offer a Y Diabetes Prevention Program for those at risk for developing diabetes, LIVESTRONG® at the YMCA for cancer survivors and a variety of drowning prevention programs. In addition, the Y reinvests over \$5.8M each year back into the community through financial assistance to ensure participation in all programs among youth, adults and families facing financial hardship, in addition to, subsidized programs that fill community voids throughout Hillsborough and East Pasco counties.

Our sports programs, personal training sessions and family activities are a great way to get more involved in the Y and try something new. You can also get involved by volunteering at your Y. Opportunities include coaching a youth sports team, helping plan special events or serving as a Y storyteller for our Annual Campaign. When you volunteer at the Y, you take an active role in bringing about meaningful, enduring change right in your own neighborhood.

Be sure to download the "Tampa YMCA" app or head to our website — www.tampaymca.org — for the latest activities, social events and programs. You can also find the latest exercise class schedules and hours of operation for your local Y. You'll even find us on Facebook and Twitter. Of course, our staff members are here to answer questions, too.

Don't forget, this is YOUR Y - so feedback is always welcome. Just speak with a Y associate or submit a comment card. We'll respond to your comments quickly and thoughtfully.

Thanks for joining our cause! We hope you'll be with us for many years to come.

Yours in good health,

Matt Mitchell
President and Chief Executive Officer

MEET JUAN Y Success Afterschool Superstar

Juan had difficulties with grades, completing homework and speech when he first started with the Y. After three years of the program, and hours of hard work, Juan's confidence has skyrocketed when speaking! He's made the Honor Roll and is the proud recipient of the Student of the Month Award!

Scholarships for Y Afterschool allow kids, like Juan, the opportunity to gain confidence, feel a sense of pride and believe in a bright future.

MEET ALYCE Two-Time Cancer Survivor & proud LIVESTRONG Graduate

After winning two tough battles with cancer, Alyce was left feeling exhausted, weak and isolated. She decided LIVESTRONG at the YMCA was something she needed. During the 3-month, cancer survivor program, Alyce found strength she didn't know she had, friends to laugh with and the passion for life she thought she had lost!

Thanks to the generosity of donors, the 12-week LIVESTRONG at the YMCA program is free to cancer survivors and their families.

MEET RYLEIGH Super Swimmer & Lifesaver

Three-year-old Ryleigh's dad heard the terrifying sound of a splash as they were fixing lights by their pool. In the split second before he dove in, he saw her head pop up and watched her confidently swim to safety. While Ryleigh's dad was right there to save her, it was the swim lessons she had taken at the YMCA that gave her the skillset and confidence to save herself.

Florida leads the country in accidental drowning deaths in children ages 1-4. Our goal is to eliminate these drownings by providing life-saving swim skills to all in Hillsborough and Pasco counties.
